

## **DIRECTOR (M/F/D) OPERATIONS & SUPPLY CHAIN**

JOB ID 200144

Since its foundation in 1957, our client has been the leading manufacturer for high quality fluoropolymer lined pumps and valves. They serve mainly fortune 500 customers in the process industry for base chemicals, fine and specialty chemicals and the pharmaceutical industry. However, their products can also be found in the food, mining, semiconductor and paper industries.

To strengthen the Senior Management team of our client at his headquarter in **Kempen** we are currently looking for a **Director (m/f/d) Operations & Supply Chain**.

### **Mission**

Your mission is to satisfy the client's customers by delivering excellence and providing a safe and motivational environment for his employees.

### **Key Responsibilities**

- Develop a world-class production area (including assembly) to manage annual growth and continuously execute with excellence
- Translate customer requirements into production & supply chain goals and needs
- Consistently strive for safety, quality, on-time delivery, and productivity
- Ensure and drive continuous improvements in process and technology to deliver first-class results
- Implement sustainable systems and procedures and define strategic investments for future market growth
- Provide excellent leadership, set challenges and developmental opportunities to ensure that all employees reach their potential
- Set and monitor the objectives of direct reports to meet commitments

### **Your Profile**

- Completed university degree in Engineering or equivalent technical management degree
- Extensive work experience in increasing supervisor roles, ideally from world-class production manufacturers
- Demonstrated leadership in a manufacturing environment and impressive track record of accomplishments to date
- Expert knowledge in the field of production systems, especially for workshop production within a complex production environment
- Proven people manager within larger, interdisciplinary teams
- Skilled in Lean manufacturing / TPM practitioner
- Team-oriented and results driven, dynamic and proactive personality with high ethical standards
- Business fluent language skills in German and English

### **The client offers**

- Diverse and demanding field of activity with high visibility making a difference
- The values "Trust, Team, Excellence" characterize the client's actions
- An international corporate culture based on teamwork and continuous development of a globally operating company
- Philosophy of internal talent development and career progression with both local and global opportunities

If the described job profile is interesting for you and you fulfill the necessary requirements, we are glad to receive your job application via mail ([t.hensel@ah-recruitment.com](mailto:t.hensel@ah-recruitment.com)).
